Independent Auditors' Report

To the Board of Directors of
Bo's Place:

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Bo's Place, which comprise the statements of financial position as of June 30, 2026 and 2025, and the related statements of activities, of functional expenses, and of cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Bo's Place as of June 30, 2026 and 2025, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Bo's Place and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bo's Place's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bo's Place's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bo's Place's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NOTE 1 – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization – Bo's Place, a Texas nonprofit corporation founded in 1990, is dedicated to enhancing the lives of those who have experienced the death of a loved one. Bo's Place is a free-of-charge bereavement center offering multiple grief support services for children, teens, and their families, as well as adults. Program services include providing an Information & Referral Line staffed by mental health professionals offering grief and bereavement-specific support, resources and referrals; peer grief support groups for families, adults, pre-school aged children and their families, mothers who have experienced a pregnancy loss, and students in K-12 schools; supplemental support programs for individuals enrolled in support groups including a bilingual Women's Retreat, Bo's Book Club and family activities; and community education and training for professionals and others working to support the bereaved. Bo's Place services are available in English and Spanish.

Federal income tax status – Bo's Place is exempt from federal income tax under §501(c)(3) of the Internal Revenue Code and is classified as a public charity under §509(a)(1) and §170(b)(1)(A)(vi).

Cash concentration – Demand deposits exceed the federally insured limit per depositor per financial institution.

Contributions receivable that are expected to be collected within one year are reported at net realizable value. Amounts expected to be collected in more than one year are discounted, if material, to estimate the present value of their estimated future cash flows. Amortization of discounts is included in contribution revenue. An allowance for contributions receivable is provided when it is believed balances may not be collected in full. Management believes the balance is fully collectible and no allowance is considered necessary. Contributions receivable at June 30, 2026 of $244,830 are due within one year. The remainder of $60,000 is due evenly in fiscal years 2028 and 2029.

Investments are reported at fair value. Net investment return consists of interest and dividends, realized gains and losses, net of external and direct internal investment expenses. Unrealized gains and losses are reported as non-operating activity.

Property and equipment are reported at cost, if purchased, and at fair value at date of gift, if donated. Bo's Place capitalizes expenditures in excess of $5,000 for property and equipment. Depreciation is recognized on a straight-line basis over estimated useful lives of 3 to 40 years.

Net asset classification – Net assets, revenue, gains, and losses are classified based on the existence or absence of donor-imposed restrictions, as follows:

- *Net assets without donor restrictions* are not subject to donor-imposed restrictions even though their use may be limited in other respects such as by contract or board designation.
- *Net assets with donor restrictions* are subject to donor-imposed restrictions. Restrictions may be temporary in nature, such as those that will be met by the passage of time or use for a purpose specified by the donor, or may be perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Net assets are released from restrictions when the stipulated time has elapsed, or purpose has been fulfilled, or both.

Contributions are recognized as revenue at fair value when an unconditional commitment is received from the donor. Contributions received with donor stipulations that limit their use are classified as *with donor restrictions*. Conditional contributions are subject to one or more barriers that must be overcome

NOTE 1 – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

before Bo's Place is entitled to receive or retain funding. Conditional contributions are recognized as revenue at fair value when the conditions have been met. Funding received before conditions are met is reported as a refundable advance.

Special events revenue includes elements of both contributions and exchange transactions and are recognized when an event occurs. Cost of direct donor benefits provided represents the cost of goods and services provided to event attendees. Amounts received in advance are reported as refundable advances.

Contributed nonfinancial assets are recognized at fair value as contributions when an unconditional commitment is received from the donor. The related expense is recognized as the item is used. Contributions of services are recognized when services received (a) create or enhance nonfinancial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

Measure of operations – Bo's Place includes in its measure of operations all revenue and expenses that are an integral part of its programs and supporting activities and excludes contributions for capital additions, and unrealized gains and losses on investments.

Functional allocation of expenses – Expenses are reported by their functional classification. Program services are the direct conduct or supervision of activities that fulfill the purposes for which the organization exists. Fundraising activities include the solicitation of contributions of money, securities, materials, facilities, other assets, and time. Management and general activities are not directly identifiable with specific program or fundraising activities. Expenses that are attributable to more than one activity are allocated among the activities benefitted. Salaries and related costs are allocated on the basis of estimated time and effort expended. Depreciation of building and improvements and occupancy costs are allocated based on square footage.

Estimates – Management must make estimates and assumptions to prepare financial statements in accordance with generally accepted accounting principles. These estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, the amounts of reported revenue and expenses, and the allocation of expenses among various functions. Actual results could vary from the estimates that were used.

NOTE 2 – LIQUIDITY AND AVAILABILITY OF RESOURCES

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use within one year of June 30 are comprised of the following:

	2026	2025
Financial assets:		
Cash	$ 700,345	$ 160,605
Contributions receivable	304,830	120,623
Investments	4,254,733	3,744,745
Total financial assets	5,259,908	4,025,973
Less financial assets not available for general expenditure:		
Board-Designated Fund for various projects	(789,607)	(708,225)
Board-Designated Long-Term Strategic Development Fund	(2,754,915)	(2,412,297)
Total financial assets available for general expenditure	$ 1,715,386	$ 905,451

NOTE 2 – LIQUIDITY AND AVAILABILITY OF RESOURCES – CONTINUED

For purposes of analyzing resources available to meet general expenditures over a 12-month period, Bo's Place considers all expenditures related to its ongoing activities, as well as the conduct of services undertaken to support those activities, to be general expenditures.

Bo's Place is substantially supported by special event and other contributions and regularly monitors liquidity required to meet its operating needs while striving to maximize the investment of available funds. As part of Bo's Place's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations become due. The Board of Directors (the Board) has designated a portion of its resources *without donor restrictions*. While the Board does not intend to make these funds available for general expenditures, the Board retains discretion over their use.

NOTE 3 – INVESTMENTS AND FAIR VALUE MEASUREMENTS

Generally accepted accounting principles require that certain assets and liabilities be reported at fair value and establish a hierarchy that prioritizes inputs used to measure fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All of Bo's Place's investments are measured using Level 1 inputs which are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the reporting date.

Investments consist of the following at June 30, 2026 and 2025:

	2026	2025
Equity mutual funds	$ 2,320,463	$ 1,994,450
Bond mutual funds	1,911,808	1,726,929
Money market mutual funds	22,462	23,366
Total investments measured at fair value	$ 4,254,733	$ 3,744,745

Mutual funds are valued at the reported net asset value of shares held. This valuation method may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Bo's Place believes its valuation method is appropriate, the use of different methods or assumptions could result in a different fair value measurement at the reporting date.

Investments are exposed to various risks such as interest rate, market and credit risks. Because of these risks, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position and statement of activities.

NOTE 4 – PROPERTY AND EQUIPMENT

Property and equipment are comprised of the following at June 30, 2026 and 2025:

	2026	2025
Land	$ 475,892	$ 475,892
Land improvements	157,261	157,261
Building	3,215,330	3,215,330
Website	21,120	21,120
Furniture and equipment	412,273	404,208
Total property and equipment, at cost	4,281,876	4,273,811
Accumulated depreciation	(2,721,318)	(2,567,477)
Property and equipment, net	$ 1,560,558	$ 1,706,334

NOTE 5 – CONTRIBUTED NONFINANCIAL ASSETS AND VOLUNTEER HOURS

Contributed nonfinancial assets were recognized as follows:

CONTRIBUTED NONFINANCIAL ASSETS	MONETIZED OR UTILIZED IN PROGRAMS/ ACTIVITIES	DONOR RESTRICTIONS	VALUATION TECHNIQUES AND INPUTS	FISCAL YEAR 2026	FISCAL YEAR 2025
Donated auction items	Sold at fundraising event	None	Valued using the auction price received.	$35,850	$32,425
Goods or supplies	Utilized for program services	None	Fair value estimated based on cost of similar goods.	$25,365	$26,343
Goods, supplies and services	Utilized for fundraising event	None	Fair value estimated based on cost of similar goods.	$5,880	$7,000
Goods or supplies	Utilized in management and general and/or fundraising	None	Fair value estimated based on cost of similar goods.		$109
Total contributed nonfinancial assets				$67,095	$65,877

Many individuals volunteer their time to perform a variety of tasks that assist Bo's Place in providing grief support to bereaved families such as volunteer facilitators, kitchen volunteers, and assistance with other projects. Bo's Place received 11,502 volunteer hours with an estimated value of $402,444 and 10,133 volunteer hours with an estimated value of $340,367 during the years ended June 30, 2026 and 2025, respectively, which were not recognized in these financial statements because the services do not meet the criteria for recognition under generally accepted accounting principles. The estimated value of volunteer time per hour was obtained from Independent Sector, a leadership network for nonprofit organizations, foundations and corporate giving programs.

NOTE 6 – NET ASSETS WITHOUT DONOR RESTRICTIONS

The Board of Bo's Place has established two funds with Board-Designated Fund. The Board-Designated Fund is intended to generate sufficient capital growth over the long term in order to fund special projects of the Board, including unforeseen expenses. The Board-Designated Long-Term Strategic Development Fund is intended to generate growth over the long term in order to fund needs of the organization, including but not limited to capital expenditures. The earnings on these funds are generally reinvested; however, at the discretion of the Board, 4% of the three-year average market value of the Board-Designated Long-Term Strategic Development Fund may be distributed annually for operations.

Net assets without donor restrictions are comprised of the following at June 30, 2026 and 2025:

	2026	2025
Investment in property and equipment, net	$ 1,560,558	$ 1,706,334

Total net assets with donor restrictions	$ 1,130,053	$ 301,250

NOTE 8 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 22, 2026, which is the date that the financial statements were available for issuance. As a result of this evaluation, no events were identified that are required to be disclosed or would have a material impact on reported net assets or changes in net assets.
